

Welcome to the ACHS Dental & Oral Health Center

BENEFITS FOR THE ACHS PATIENT

The dentist and hygienist share the same medical record system as the health care providers, making it easy to exchange information. Often dental issues are a result of more serious health care issues and the health care provider can refer to the Dental Center in a timely fashion, possibly preventing an emergency situation and visit.

THE ACHS DENTAL CENTER ALSO MAKES SENSE FOR THE COMMUNITY

The ACHS Dental & Oral Health Center is a community-based dental program providing top quality, affordable oral health care to all in the North Country of New Hampshire. All are welcome with or without insurance. Dental care is offered to the uninsured on a sliding fee scale to those who qualify based on income. Most health insurance plans are also accepted.

Ammonoosuc Community Health Services, Inc. (ACHS) opened the ACHS Dental & Oral Health Center in late 2014 on the campus of ACHS-Littleton. ACHS offers primary preventive health care to the community and has done so since 1975. By bringing dental and oral health care in-house, ACHS successfully integrates these services into its model of care by adding a dentist and dental hygienist to the patient-centered health care team. Our mission is to provide access to top quality, affordable oral health care to all in the North Country of New Hampshire.

YOU DO NOT NEED TO BE AN ACHS PATIENT

You do not need to be an ACHS patient to use the Dental & Oral Health Center, however, some may want to become a primary care patient and have access to behavioral health and pharmacy services as well.

Having all these services under the ACHS roof brings convenience and integrated health care to the patient.

To become a DENTAL patient,
please call 603.444.8112
to start the registration process.

We look forward to serving you!

MEET THE STAFF

DR. GLENDA REYNOLDS

Dr. Reynolds comes to ACHS after five years in the US Air Force and 17 years in private dental practice. She brings with her a strong commitment to help

our patients improve the health of their mouths. She believes in comprehensive dentistry and a planned approach to improved oral health.

KATIE LATULIP, RDH

Katie Latulip, registered dental hygienist, joins the ACHS dental team after working seven years in private practice. She strives to improve her

patients overall health by focusing on the importance of oral health through education. She is excited to be working in the community health center setting.

**ACHS has been offering Quality,
Affordable Health Care Since 1975**

Founded in 1975, Ammonoosuc Community Health Services is a nonprofit community health center offering a network of affordable primary health services. Our programs promote and support the well-being of individuals and families by emphasizing preventive care and encouraging active participation in one's own health.

ACHS serves 26 New Hampshire towns in northern Grafton and southern Coos counties and has sites located in Littleton, Franconia, Whitefield, Warren and Woodsville. Clinical teams, made up of doctors, nurse practitioners or physician assistants supported by nurses and medical assistants, provide comprehensive services on a sliding fee scale to over 10,000 patients.
