

WE ARE A NATIONALLY RECOGNIZED PCMH

As a nationally recognized Patient-Centered Medical Home (PCMH), we're committed to delivering comprehensive, patient-centered care that places YOU at the forefront of your healthcare journey. Your well-being is our priority, and we believe that involving you in decision-making processes is fundamental to achieving the best outcomes. Thank you for choosing us as your healthcare partner and we look forward to continuing to be your healthcare partner for life.

THE PCMH ADVANTAGE

Personalized Care:

PCMHs emphasize care plans that take into account each patient's unique needs, preferences, and values.

Strong Doctor-Patient Relationships:

This model fosters strong, ongoing relationships between patients and their providers, creating a sense of trust and familiarity.

Empowerment and Involvement:

Patients are actively involved in their healthcare decisions, promoting a sense of empowerment and control over their well-being.

Accessibility and Convenience:

PCMHs often offer flexible scheduling, extended hours, and efficient communication channels, making healthcare services more accessible and convenient for patients.

Communication and Information Sharing:

Health Information Technology helps patients and healthcare teams communicate better, offering simple access to health records and ensuring smooth information sharing.

Community and Support:

PCMHs often connect patients to local resources and support groups, fostering a sense of community and providing additional resources beyond traditional healthcare services.

Quality and Safety Assurance:

Patients appreciate the emphasis on maintaining high standards of quality and safety in healthcare delivery, ensuring they receive the best possible care.

Advocacy and Navigation Support:

PCMHs assist patients in dealing with things like insurance, referrals, and administrative matters, making the healthcare process easier to navigate.

WHY CHOOSE A PCMH ?

COORDINATED CARE

PCMHs provide a variety of healthcare services by coordinating care among different providers.

FOCUS ON PREVENTIVE CARE

PCMHs address health issues early and promote healthy habits to improve overall health.

OPEN COMMUNICATION

PCMHs urge patients to be a part of their healthcare decisions, which results in effective treatment plans.

CONTINUITY OF CARE

PCMHs ensure patients have a designated PCP, leading to better grasp of a patient's health needs.

IMPROVED ACCESS TO CARE

PCMHs ensure you have timely care, reducing the chances of unnecessary visits or hospitalizations.
